PSPad

The image shows the PSPad web editor interface. The title bar indicates the file path: C:\Aulas_2018_1\Desenvolvimento_web\site4\modelo.html. The menu bar includes File, Projects, Edit, Search, View, Format, Tools, HTML, Settings, Window, and Help(x). The toolbar contains various icons for file operations and editing. The left sidebar shows a file explorer for the 'C:\...site4\' directory, with a tree view showing folders like 'Arquivos de Programas', 'Aulas_2018_1', '8_semestre', 'Desenvolvimento_we', 'Ferramentas', 'mapa_site', 'site4', 'GPS', 'Orientandos', 'Documents and Settings', 'Downloads', and 'Intel'. The main editor area displays the following HTML code:

```
0 10 20 30 40 50 60 70 80

Titulo do documento [file:///.../modelo.html] - KompoZer

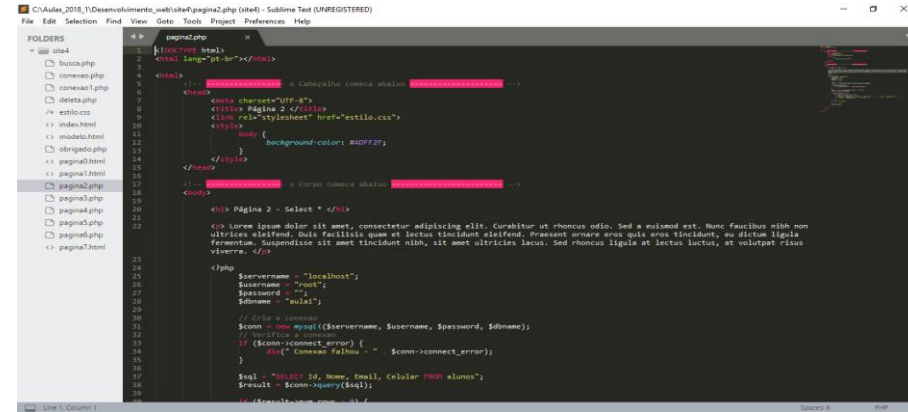

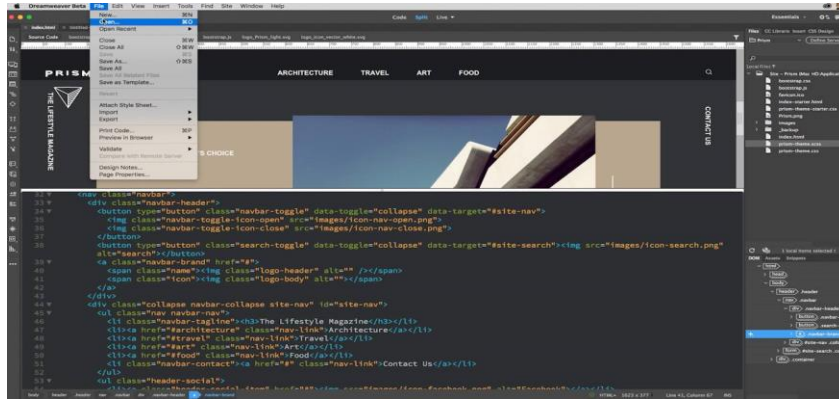

The screenshot displays the KompoZer web editor interface. On the left, the Site Manager shows a file tree for 'site4' with files like 'busca.php', 'conexao.php', 'deleta.php', 'estilo.css', 'index.html', 'modelo.html', 'obrigado.php', 'pagina0.html', 'pagina1.html', 'pagina2.php', 'pagina3.php', 'pagina4.php', 'pagina5.php', 'pagina6.php', and 'pagina7.html'. The main editor area shows the HTML source code for 'modelo.html', which includes a DOCTYPE declaration, language attribute, meta charset, title, and a link to 'estilo.css'. The body contains a style rule for background-color and a heading 'Página Modelo' followed by a paragraph of Lorem Ipsum text. The bottom status bar indicates the current view is 'HTML Tags'.

Dreamweaver e Sublimetext [proprietários]

BlueGriffon

The screenshot displays the BlueGriffon web editor interface. At the top, the window title is "Titulo do documento [file:/.../modelo.html] - BlueGriffon". Below the title bar is a menu bar with options: File, Edit, View, Insert, Format, Table, Panels, Tools, Help. A toolbar with various icons is located below the menu bar. The main editing area is divided into two parts: a top toolbar for styling and a large code editor below it. The styling toolbar includes dropdowns for "Body Text", "(no ID)", "(no class)", "Variable width", and "(no ARIA role)". The code editor shows the following HTML code:

```
1 <!DOCTYPE html>
2 <html lang="pt-br">
3 <head>
4 <meta http-equiv="content-type" content="text/html; charset=UTF-8">
5 </head>
